-

WEAK POINTS

- **Over Thinker** : I have tendency of over thinking which sometime results in unwanted stress and frustration but I have learnt to over come it through keeping calm and cool composer.
 - **Delegating Tasks** : I sometimes have difficulty in delegating tasks. but I've been working on building a stronger team & learning to trust my colleagues to handle certain responsibility.
 - **Optimism** : I'm a optimistic personality but to much optimism without planning can prove to be harmful, but now I focus on planning as well to bring the outcome into the reality.
